

PACIFIC COAST.

Frost More Damaging than Was Expected.

CALIFORNIA AIDS NANAIMO.

Auction of Captured Schooners—United Workmen Killed—Bear Valley Railroad.

Associated Press Dispatches to the Herald.

SAN FRANCISCO, May 11.—Dispatches received here to-day state that there were severe frosts yesterday morning, and this morning in Sonoma, Napa, Livermore and Santa Clara valleys, and that severe injury was done to most of the vineyards in those districts. A gentleman interviewed from Napa valley last evening, said the vineyards were black from frost. In consequence of these reports of damage, there was a marked advance in the price of wine by those dealers and producers who had a large stock on hand. To-morrow John L. Beard and Juan Gallegos, of the Mission of San Jose, will start on a tour of inspection through Napa and Sonoma valleys. They will report the result of their observations to the Viticultural Commission. The frost at Mission San Jose, last night, was so severe as to kill all the bean plants in the gardens. The latest frost ever known in the vineyard district of Upper California in previous seasons was on the 5th of May.

GENEROUS CALIFORNIAN.

Contributions Wining Their Way to Nanaimo.

SAN FRANCISCO, May 11.—The subscription fund for the relief of the widows and orphans of the victims of the Nanaimo mine disaster now amounts to over \$8000. Charles Crocker has donated \$1000.

AUCTION OF SCHOONERS.

The Revenue Cutter Richard Rush to be at the Sale.

SAN FRANCISCO, May 11.—The United States Revenue cutter Richard Rush has been ordered to proceed to Sitka, Alaska, where it will take the United States Marshal aboard and convey him to Ounakaska for the purpose of selling at auction the two British schooners seized in Behring's sea last year for illegal fishing.

UNITED WORKMEN KILLED.

Eight of Them Lost in the Nanaimo Explosion.

SEATTLE, W. T., May 11.—Since the explosion at Nanaimo there has been much speculation among members of the Ancient Order of United Workmen in this city, as to the number of members of that order who had fallen victims to the disaster. As this was a matter which in a financial sense nearly concerned the members of the order, Postmaster T. H. Cunniff yesterday telegraphed to Master William Bone, of Nanaimo, inquiring for information. Master Bone was among those killed in the disaster, and the telegram fell into the hands of Foreman B. S. Smith, who answered as follows: "Nanaimo, B. C., May 10. To T. H. Cunniff, Postmaster. Eight workmen killed, one badly injured. (Signed) B. S. Smith, Foreman."

SAN LUIS STREET RAILROAD.

One Franchise Has Sole Control of All Streets.

SAN LUIS OBISPO, May 11.—At a meeting last night of the City Council, a street railway franchise was granted to Edwin Goodall and associates for a term of thirty years. The streets granted comprise so many of the city and in all directions that there is no room for any other company's franchise stipulates that Goodall shall commence work in thirty days and have two miles completed in six months and that the fare shall not exceed five cents.

GOLD DISCOVERY.

Afoot and on Horseback for San Luis Obispo.

SAN LUIS OBISPO, May 11.—Report was brought to this city to-day of a discovery of gold in the mountains bordering on the coast in Monterey county, just north of the San Luis Obispo county line, the immediate location being on the San Carpejoro rancho. The find is a short distance east of what is known as the Anthracite coal fields of Monterey county. The discovery was made by an old time miner named Crickshaw, who while working in the hills struck a lead of quartz, and following it up he found the quartz to be rich with precious metal containing considerable free gold. The ore is the richest the miners have ever seen, and a company has already been formed. Last Saturday the reports reached San Simeon and Sunday morning saw an exodus of men and boys, all eagerly traveling toward the gold fields on foot and by saddle horses.

TERRIBLE MARINE DISASTER.

Two Hundred People Drowned off Sumatra.

SAN FRANCISCO, May 11.—The steamer City of Rio Janeiro, which arrived to-day from China and Japan, brings news of a terrible marine disaster in the Straits of Malacca. The steamer Berton, plying between Singapore, Penang and Malacca, was run into about midnight on March 29th by the steamer Fair Penang, shortly after leaving Malacca, and sank within half an hour. Of 200 persons aboard only fifty thus far are known to have been saved. Most of those lost are natives. After the collision the Fair Penang continued on her way. The loss to the vessel and the cargo is \$80,000.

PORTLAND ITEMS.

Attempted Escape—Machinists Want Higher Pay.

PORTLAND, OR., May 11.—A telegram from Arlington says: Two prisoners that were being brought up on a train last night for the Walla Walla penitentiary jumped out of a car window as the train stopped at Blacklocks. One was shot by the guard and the other made his escape.

WANT MORE WAGES.

The tonnage employed in the four-day here have asked their employers to raise their wages from \$3 to \$3.25 per day, to take effect Monday, May 16.

AIDING FOR THE WEST.

The Burlington Railroad Pushing for an Opening.

SAN FRANCISCO, May 11.—It is currently reported that the Burlington Company intend to reach San Francisco with an extension of their system just as soon as possible. The proposed route begins at Denver; thence along Grand river past Glenwood Springs and Grand Junction, Colorado; thence through Utah and Nevada by the most direct route westward to San Francisco. It is stated that the Burlington route has entered into an agreement with the Union Pacific Company whereby but one track is to be built. Whichever road builds this track will use it for the time, and as soon as the other desires the use of it an opportunity will be given to the Burlington route to build the extension at half the expense of maintenance paid by each. This new agreement has healed all differences which formerly existed between the roads. It has not been decided as yet when the work will be commenced.

COAST SEAMEN DISSENTIFIED.

They Take Advantage of Coast Carrying Competition.

SAN FRANCISCO, May 11.—Before the end of this week there will doubtless be a further advance in the wages paid to coasting sailors. The sailors are holding themselves aloof in anticipation of a rise. The Captain of the brig Deacon offered \$40 in vain to-day for men to go to the Mendocino coast, thence to San Pedro and to Port Discovery. The cause of this state of affairs is said to be a movement started by the Pacific Coast Ship Owners' Association to freeze out the deep water ships from the coast carrying trade from the northern colonies. It is said that by reason of high wages every deep water vessel now going north for coal does so at an absolute loss.

BEAR VALLEY RAILROAD.

Location of the Line Along the Mountain.

SAN BERNARDINO, May 11.—The San Bernardino and Bear Valley Narrow Gauge Railroad Company commenced the location of their line up along the mountain sides north of this city this morning. The road will be about twenty-five miles in length, passing through thousands of acres of fine timber, and opening up Bear Valley; the great watershed of Southern California. It will be owned and operated by local capital.

LOST IN THE DESERT.

A Citizen of Tucson Wanders Lost from his Mine.

SACRAMENTO, May 11.—J. E. Dixon, formerly proprietor of the Crescent City Hotel, in this city, and subsequently of the Russ House, at Tucson, was reported by dispatch last night as having wandered and been lost in the desert. Mrs. Dixon and daughter are visiting at Sacramento, and received a dispatch this morning that he had been found, but only just alive, probably from hunger and thirst. His wife and daughter left for Tucson this afternoon.

TUSTIN LAND BOOM.

Increasing Demand for Orange and Vineyard Lands.

TUSTIN, (via Santa Ana), May 11.—The land boom has struck Tustin with considerable force. Land of every description, particularly vineyard and orange lands are eagerly sought for. New land buyers and the eastern immigration are still settling here and all universally express their satisfaction. Several important real estate transfers have recently been made and the outlook is exceedingly bright.

On Suspicion of Murder.

MONTREY, May 11.—A man sixty years old, named Hall, was arrested here to-day, charged with the shooting of a man named Hansen, down the coast. Hall was interviewed, and protests his innocence and says that he has never seen Hansen in his life. Hall lives sixteen miles from where the shooting occurred. He was taken to Hansen's cabin, but the latter was so weak that he failed to recognize him. Hansen has one bullet in his head and one under his left eye, and death is only a matter of a few days. Hall will have an examination before Judge Westphal this week.

Grape Crop Injured.

NAPA, May 11.—There has been frost for three mornings here. Young vines were injured some; in some localities there was great injury. Generally the damage is not considered great. Loomis, Cal., May 11.—The largest crop of grapes in Placer county for many years is almost a total loss. The rain of Monday was followed by a norther, which brought frost the past two nights. Many fruits and vegetables were also injured. The loss is enormous.

American Wounds Abroad.

SAN FRANCISCO, May 11.—The Bulletin's Murphy's, Cal., special says: News has just reached here of J. B. Fruehner, an American citizen who left here last October to visit France, and who was seized on his arrival there, imprisoned, denied counsel and forced to serve in the French army. He is now in the Seventh Regiment of the line, at the garrison of Capors.

Fire at Sulston.

SULSTON, May 11.—A fire broke out in Lewis' livery stable at 2 o'clock this morning, the structure burning to the ground. The horses, harness and buggies were all saved. E. P. Hillborn's mill, adjoining, is a total loss. The cause of the fire is unknown.

Episcopal Convention.

SAN FRANCISCO, May 11.—This morning the annual convention of the Episcopal Diocese of California began at the Church of the Advent. Rev. J. B. Wakefield, of San Jose, delivered the opening sermon. The convention will last three or four days.

Lumber Ship Ashore.

SAN FRANCISCO, May 11.—A dispatch to the Merchants' Exchange states that the schooner Wing and Wing, loaded with lumber for this city, is ashore at Crescent City, full of water and rudderless. She is 135 tons burden, and is owned by Simpson Bros., of this city.

Optim Seizure.

SAN FRANCISCO, May 11.—The Customs officers this afternoon made a seizure of five hundred dollars worth of opium on the steamer Rio Janeiro, which arrived this morning from China.

EASTERN.

Powderly Explains the Mysterious Circular.

HELLISHNESS AT EL PASO.

Another Mexican Outrage in Sonora—Masons Gathering at Baltimore.

Associated Press Dispatches to the Herald.

DENVER, May 11.—Grand Master Workman Powderly was to-day shown a telegram from Chicago, dated Monday, which stated that circulars had been sent to prominent Labor Assemblies in California, Oregon, Colorado, Nebraska, Illinois, Michigan and Missouri, by Assembly #133, of Portland, Oregon, denouncing him for rejecting in the result of the Chicago municipal election, and which demanded that he be deposed from office. Mr. Powderly stated that "there was not a word of truth in the report; that the merits claimed for his publication is a sufficient indication of its untruthfulness. If the Knights have quarrels or any grievances against their officers they do not rush into print. They have their own Courts and any charges against me will be brought up in an assembly meeting in regular form. The handful of anarchists in this country have been making all sorts of moves in order to gain admission into the Knights of Labor and cause dissatisfaction. Thus far they have failed, and every week they attempt to spread over the country through the newspapers a report of some new dissatisfaction in the ranks of our organization." Mr. Powderly leaves for the East to-night.

Another Mexican Outrage.

TUCSON, May 11.—The Citizen to-day published a letter dated Sabapita, Sonora, Mexico, April 20th, signed J. D. Garcia. The writer says that on last Sunday he was accosted by a Prefect of that district, who asked him to vote for him at the election there being held. Garcia refused on the ground of being an American, and the Prefect sent him to jail where he has been ever since, with scarcely any sustenance.

Gathering of Masons.

BALTIMORE, May 11.—The city was crowded to-day with Masons, who came from all parts of the country to assist the Grand Lodge of Maryland in celebrating its centennial.

Justice Woods Ill.

WASHINGTON, May 11.—The Supreme Court, has grown worse since his return to this city. He is now lying critically ill at his residence, and his death may occur at any moment. He is suffering from dropsy and a complication of diseases.

HELLISHNESS AT EL PASO.

Suicide, Accidents and Murder by Retail Every Day.

EL PASO, Tex., May 11.—The suicide of John Martin, brakeman, and the killing of Martinez by the Southern Pacific train yesterday, is followed to-day by the finding of the dead body of Jesus Guzman near the street railroad corner. The latter was a carpenter by trade, who came here from Chihuahua. He had been gambling for several nights in company with several friends, and won considerable money. He was literally dismembered, and had a wound in the left side over his heart. It is believed that he was murdered for his money.

Baseball.

CINCINNATI, May 11.—Rain stopped game.

ST. LOUIS, May 11.—Game called on account of rain.

CLEVELAND, May 11.—Cleveland 7, Brooklyn 12.

LOUISVILLE, May 11.—Game called on account of rain.

NEW YORK, May 11.—New York 9, Washington 8.

DETROIT, May 11.—Detroit 18, Pittsburgh 2.

CHICAGO, May 11.—Chicago 11, Indianapolis 6.

BOSTON, May 11.—Philadelphia 9, Boston 4.

Garfield Monument.

WASHINGTON, D. C., May 11.—The Eighteenth Reunion of the Society of the Army of the Cumberland was inaugurated this morning by a business meeting. Preparation has been made by the committee in charge for the entertainment of members and guests of the Society. The principal features of the meeting will be the unveiling of the statue of General James A. Garfield, on Tuesday.

Meeting of Wool Growers.

ST. LOUIS, May 11.—The Wool Growers' and International Sheep-shearers' Association held their annual convention here to-day. General J. A. Robinson was elected President, and Hon. Barclay Henry, of California, was elected a member of the Executive Committee. A number of speeches were made that have a strong tariff flavor.

Investigating the Explosion.

VICTORIA, B. C., May 11.—The coroner's inquest in the case of the coal mine disaster has been postponed until Wednesday, the 25th of May. The postponement was taken to allow a thorough examination of the mine by experts with a view to giving some information as to the cause of the explosion.

Ship Captain Murdered.

NEW YORK, May 11.—It is reported that Captain Williams, master of the American ship Occidental, bound from Penarth to Acapulco, was murdered by sailors March 20th. The ship has been in command of the mate and crew who were the murderers.

Men Fatally Burned.

PITTSBURGH, May 11.—The accident at the Edgar Thompson Steel Works last night fatally burned five men, three of whom died to-day. Many others were seriously burned but will recover.

Hyatt U. S. Treasurer.

WASHINGTON, May 11.—The President to-day appointed James W. Hyatt, of Connecticut, to be Treasurer of the United States, to succeed Conrad N. Jordan, resigned.

COMMERCIAL TAX IN POSEN.

Russia Demands a New Tribunal—Indignation Thereat.

BERLIN, May 11.—The Russian Government desires all merchants in Posen, having commercial interests beyond the Russian frontier to pay taxes as members of the Russian merchants' guild, and to obtain licenses from the Russian Minister, to trade. The semi-official press, commenting on this and the new Russian duties on metals, displays great indignation. The Cologne Gazette says this course constitutes a crushing blow to German industries, and is also a blow to the previous Russian policy. The policy is not that of the most official leaders. It shows that the Katkoff, and not the De Giers party, commands the real power. Such measures can only have the object of affecting the political attitude of the country against which they are directed.

THE MAXWELL CASE.

A Recommendation that it Be Reopened.

WASHINGTON, May 11.—The Secretary of the Interior has transmitted to the Attorney-General the letter of Acting Commissioner Stuchtager, recommending that a motion for reargument be filed in the United States Supreme Court in the Maxwell land grant case, with a request that the recommendations of the Acting Commissioner be carried into effect. It is understood that General B. F. Butler will be employed in the case.

WANTS OF COAL DEALERS.

They Demand a Reduction on Freight.

NEW YORK, May 11.—Individual operators and shippers of anthracite coal have organized to resist the enforcing of the advanced tariffs by the coal carrying railroads and propose to make up a case and take it before the Interstate Commerce Commission, with a demand that the rate on anthracite coal be reduced to a comparative level with the rates on other articles.

Mandamus vs. A Railroad.

ST. LOUIS, May 11.—Walter Delmar, of New York, representing Oppenheimer & Co., of that city, applied to the Circuit Court at late hour this afternoon, for a writ of mandamus to compel the officers and directors of the St. Louis and San Francisco Railway Company, to produce their stock books for inspection, and to show by whom certain stocks were held. The former was not allowed to be voted at the meeting of the Directors to-day. The case will come up to-morrow for argument.

Ambitious for Wealth.

TACOMA, May 11.—One hundred and twenty laborers at work here on the Northern Pacific Railroad have struck for \$2 a day. They have been receiving \$1.75.

New Railroad Route.

LOS ANGELES, May 12, 1887.

EDITOR HERALD.—Railroad rumors are rife, and among others floating around is one, I believe, that the Southern Pacific contemplates building a road from Colton, or thereabout, through San Jacinto, and by way of Warner's ranch to San Diego—which leads me to say that I have frequently traversed a part of the country through which rumors say it will pass, and have lately taken the pains to make careful inquiry concerning the rest of the route, and have reached the conclusion that, should said road be built with no very extraordinary cost by following something like the following course: From Colton to San Jacinto, thence by the Elden mines across to the eastern slope of Smith's mountain by Warner's ranch, and down the Poway valley to San Diego—thus passing through a country as yet for the most part undeveloped, but possessing rich latent resources, both agricultural and mineral. I write this in the hope that it may prove a hint to the proper authorities interested, and incite them to inquiry more careful than a private individual could make, to ascertain if this might not be for them a more feasible project to build a road through the country spoken of. As a friend to progress in every part of this our glorious heritage, I have the honor to sign myself,

Very respectfully,

C. WHITE.

The National Opera.

According to Mr. J. Goebel, the advance agent of the National Opera Company, the rendition of the *Merry Wives of Windsor*, music by Nicolai, was enthusiastically received last Monday at San Francisco, and the criticisms of the press were of the most flattering nature. The music is pronounced delightful and sparkling, the plot very amusing and the ballet, when the Elves and Bees take charge of Falstaff in the woods, exuberantly funny. The scenery is very fine and historically correct. This opera will be given in Los Angeles at the Thursday matinee. The first act of scenery will arrive here on Saturday, and the artists will reach Los Angeles on Monday morning in special trains, composed in all of twenty-one cars. The sale of single night seats continues unabated, and those who are desirous of obtaining any should at once secure them, as otherwise they will positively be disappointed, the time of the performance being so near at hand. It is hardly necessary to repeat that the arrangements completed with the railroads are of such a perfect nature that all people living outside of the city will find no trouble in getting home after each performance.

HUNTINGTON.

Prices Will Advance Next Monday.

The prices of lots in beautiful Huntington will be advanced next Monday from 20 to 30 per cent, owing to the rapid sale of lots and great success of the enterprise, and the fact that prices are now one-third those paid for lots in less desirable locations.

An immense supply of water is now being piped through the streets and avenues; and several residences and stores are to be erected at once, the first store to be stocked with boots and shoes. There is an excellent opening for a drug store. A few more choice lots left at old prices, this week only, at offices of Wiesendanger & Bonnell and S. D. Hoyle, 25 First street, and at all the leading Pasadena real estate offices.

THE DERBY.

Montrose Wins in Two Thirty-Nine and Fourth.

FULL RESULT OF THE RACES.

Half of Kentucky Witness the Charge—Jim Gore Goes Lane—The Lesser Races.

Associated Press Dispatches to the Herald.

LOUISVILLE, May 11.—The bay colt Montrose, son of Duke of Montrose, dam Pats, was the great Kentucky Derby. It was not a great race, but it was a pretty one. Time, 2:30, makes a poor comparison with Ben Ali's last year, when the latter lowered the Derby record to 2:26, after a magnificent contest, but it is not so bad. The weather in the morning looked a little threatening, and at 2 o'clock a slight shower fell. It lasted only a few minutes though, and did not affect the track in the least. Long before the first drop fell, streams of vehicles and street cars

PACKED AND CHARMED.

And had filled Churchill Downs with an immense throng seen in numbers only to the memorable gathering at the Ten Broeck-Mollie McCarthy race. The field was open to the public, and it looked like about one-half of the big commonwealth of Kentucky had been dumped down there. In the grand stand the gay costumes of the ladies at the north end, afforded a pleasant contrast to the mass of humans packed together, like sardines, over all the other space available. There must have been 25,000 people present.

General Robinson, of Lexington, Colonel Green, of St. Louis, and Colonel M. Lewis Clark were the judges. The horses got off in the first race without much trouble. It was for maiden two-year-olds, and there were seven starters. Col. Steel won in the last time of 1:08, 3/4, distance five-eighths of a mile. The second race, mile and a quarter, was won handily by Montana Regent in 2:11. The crowd grew nervous, waiting for the

BIG EVENT OF THE DAY.

and there was a murmur of applause when Col. Clark rang the bell for the Derby. Jim Gore was first out, with Paddock. He galloped by the stand slowly, and was greeted with cheers. His front end was wrapped with red flannel and he appeared stiff. Padenis came next.

THIS DARK BROWN CALIFORNIAN.

Looked well and attracted much attention. When Banberg appeared, however, he was greeted with loud cheers, showing were most of the money was. He looked fit and his backers were confident. The friends of Padenis were also quite enthusiastic. Lucky Baldwin had said before the race that he was a better horse than Goliath, and that was conclusive enough to many who got within range of the circulation of the statement.

Out of the original 119 entries there were only seven starters. Those were Banberg (who was ridden by Blaylock), Jacobin (Stoval), Clarion (Arnold), Montrose (Lewis), Padenis (Murphy), Jim Gore (Fitzpatrick), and Banyan (Godfrey). Post odds were 7 to 5 against Banberg, 4 to 1 against Jacobin, 15 to 1 against Clarion, 15 to 1 against Montrose, 8 to 1 against Padenis, 3 to 1 against Jim Gore, 7 to 1 against Banyan. The distance was one mile and a half. Billy Cheatham, of Nashville, who sent them off, had only to drop his flag once in vain. The second race, after a breathless silence, "they are off" went up simultaneously from thousands of throats in the grand stand. Jacobin lead off, followed closely by Banberg and Montrose, with the rest in a bunch. As they neared the stretch, Banberg leaped to the front, Montrose maintained a good second and Jacobin third. Down the stretch the whole lot of them closed up beautifully, Montrose keeping well to the front all the time.

AS THEY FLEW BY IN THE END.

As they flew by in the end named, Montrose, Jacobin, Banberg, Ban, Jim Gore, Padenis and Clarion. Jim Gore seemed to be taking things easy, maintaining his position past the quarter, where Montrose still lead. Ban, another son of King Ban, was third; Padenis was sixth and Jacobin had dropped back to the last place.

At the end of the mile the positions were not materially changed; Jim Gore seemed to filter but gathered himself up and moved up to the third place at the three-quarter pole. There Montrose still led, Banberg along side, Gore and Banberg second. They whirled into the stretch and Fitzpatrick was seen to be urging the popular son of Hindoo, as they came around the turn, Padenis threw up his tail and gave up.

He ran a miserable race from beginning to end. Montrose still led to the surprise of all. Fitzpatrick had been instructed to win with Jim Gore if he had to kill the colt, and as he laid on the lash in the stretch the horse was plainly seen to be limping. Lewis then gave Montrose the reins, and it was nip and tuck between the two for a moment, but Montrose held on nobly and passed under the string winner by two lengths, Jim Gore second. He had led with apparent ease from the grand stand, without touch of whip, and looked able to go another quarter. Jacobin was third, Banberg fourth, Padenis last. Jim Gore was limping terribly at the finish. It is thought he will never be able to start again. Montrose is owned by Lord Duns of Clonsilla, and was bred by Milton Young at the McGrathanna Stud. The time was 2:29. The timers were W. S. Barnes, Ed. Corrigan and B. C. Thomas.

RESULT AT BALTIMORE.

BALTIMORE, May 11.—The weather to-day was beautiful, the attendance at the races large and the track heavy. In the three-quarters of a mile race, for three year olds and upwards, Anarchy won, McLoughlin second, Barnum third, time, 1:21.

For three year olds, one mile, Queen of Elizabeth won, Matavon second, Lizzie Baker third, time, 1:50.

For two year olds, half a mile, Satisfaction won, Tonique second, Belle O'Neil third, time, 53 seconds.

One mile and a furlong, Enigma won, Panama second, time, 1:53.

One mile, Paymaster and Mahony ran a dead heat, Matavon third, time, 1:50. In the run off Mahony won; time, 1:51.

CONDENSED WINE.

A New Process to be Operated in this Country.

In these days of progress the public are not startled to any great extent by new inventions. But when one turns up that will be an everlasting boon to the wine industry of the State, the viticulturists of Southern California are not loath to take advantage of it. There arrived in Los Angeles some days ago a Dr. F. Springmuhl, who is at the head of one of the largest wineries in London, England. The doctor came here at the solicitation of some of our wine growers, and has been the guest of J. Delbarth Shorb and Mr. Busch, of Kohler & Frohling's winery. The doctor is the proprietor of an apparatus which reduces grape juice by means of evaporation "in vacuo" to one-fourth, one-fifth of its weight; or, in other words, the grape juice is reduced some what the same as is condensed milk. The apparatus, which cost \$25,000, is mounted on railroad cars and can be moved anywhere very readily. The invention has been successfully used in Italy and France for about four years and has proved a great success. The doctor says that as California grapes are much cheaper than the Italian grapes, this country affords a very profitable field for the new industry that is to be pushed forward vigorously. A company is soon to be organized, with J. Delbarth Shorb at the head, and operations will begin as soon as possible. Throughout the whole wine-producing area of California, in the great San Joaquin valley, wherever grapes are grown, the process will be of incalculable value.

THE CONDENSED JUICE CAN BE SENT TO FRANCE, GERMANY AND ITALY, AND IN FACT ALL OVER THE WORLD, AND SOLD AT A LOWER PRICE THAN THE WINES IN THE FOREIGN COUNTRIES. DR. SPRINGMUEL LEFT YESTERDAY FOR LONDON, BUT WILL RETURN SHORTLY.

A PENAL COLONY.

Proposition to Establish One in Alaska.

A well-known Eastern philanthropist of New York, Alonzo H. Webb, is in the city en route to Alaska, where he is going as a representative of the United States Prison Reform Association. His mission is to inspect Alaska with a view of reporting on its adaptability as a penal colony for the United States.

This question has been discussed considerably throughout the East, and there are quite a number who think that Alaska would be just the place for such a colony. Mr. Webb stated yesterday that he hoped to find Alaska suitable for a penal colony, and if he did find it so he and the association he represents would use their utmost endeavors to have it declared a government penal colony. The problem of the disposal of the convicts was one difficult to solve, but in his opinion the selection would aid materially in the matter. The criminal element is constantly increasing in numbers, as the statistics show, and it is time that some steps should be taken to dispose of those who are convicted. The sooner this is done the better it would be for the country. There are at present over 75,000 criminals in the various prisons in the United States. The prisons are crowded and in many instances over-crowded and more accommodations must be provided or else a penal colony should be established, such as is suggested. If by establishing the colony the various communities can be cleared of the criminal element, society will be considerably improved.

Mr. Webb will devote three months or more to his investigation of Alaska, and his report will probably be very interesting to this as well as every other community where criminals are to be found.

Land Sales on the Santa Gertrudis.

EDITOR HERALD.—On a visit to the vicinity of New San Gabriel river to-day I found that lands on those rich alluvial plains are being rapidly purchased, and at prices quite satisfactory to the late owners. Mr. Turner sold 20 acres at \$150 an acre, and the purchaser was offered an advance of \$1500 in a month after on his bargain. Mr. East, living near the junction of the Anaheim and Downey road, sold 52 acres for \$200 an acre; Mr. Robert Reynolds sold 20 acres for \$250 an acre; Mr. Banks, the well known agent of the Southern Pacific Railroad Company at Downey, sold 40 acres for \$500 an acre, about one and one-half miles southeast of Downey. The Downey Land Association sold all their remaining lots in one day, and there is scarcely a lot in the town, but has changed hands in the last month.

Mr. Wm. Harper sold his place at \$150 an acre some weeks since. Mr. Stewart, the fruit cultivator, was offered and refused \$500 an acre. Much of the land has been raised a wagon way, which is largely composed of sand seems to stand drouth better than the mesa or upland. L. J. Rose, who is number one authority in the matter, said in a public speech at a meeting of vineyardists that the sandy lands in the vicinity of the San Gabriel river were the best adapted to the raising grape and produced finer samples than any other lands in the State. These lands, along and between the Old and New Rivers, are the finest of core land, and 125 bushels per acre have been raised. A wagon was made and two acres measured and produced by the testimony of reliable men the above yield. Fulton Wells is also a place of much attraction now and the town site is now being platted. The supposition is that the Atlantic, Pacific and Santa Fe Railroads will run near the operations of the engineers indicate that it will pass very near if not through the place. The waters of these wells are very efficacious in rheumatism and numbers of our citizens will attest the wonderful c

HYDE PARK!

LOOK WHERE YOU WILL IN THE VICINITY OF THE CITY OF LOS ANGELES! search either of lots or acre property for charming homes, and the best judgments will be convinced at a glance as to the desirability of finding a location for a town so beautiful, such pure and bracing air, rich lands as characterizes Hyde Park. This splendid town is located on the line of the California Central, of the Atchison, Topeka and Santa Fe system, which is to connect Los Angeles with the new harbor at La Balsa, and is distant 7 1/2 miles from the center of the city. A midway town between the city and the harbor. Trains are to be running through the tract by July next, when great business activity all along the line will be the order of the day. Liberal sized lots, 60x150 feet, fronting on 4-foot avenues, are offered and being taken rapidly at \$100 each; \$40 cash; balance \$10 per month without interest. Such terms give the present purchaser a good opportunity to make money in the rising value that must follow the effects of the harbor and railroad developments. Particularly desirable are the 5 and 10 acre villa lots surrounding the town. Conveyances leave the office at 1:30 P. M. to show parties the beautiful property.

VITRIOL.

Mrs. W. F. Rozelle Marks
Charles Petrie.

A MOST HORRIBLE SPECTACLE.

Revenge of an Engineer's Wife
Who Claims that Another En-
gineer Insulted Her.

The cosy two-story residence owned by Mr. R. H. Martin at No. 129 Col-
lege street was yesterday the scene of
one of the most horrible acts that has
been committed for some time past.
The house is owned by Mr. Martin,
who is an engineer on the Southern
Pacific Railroad, and occupied by
William F. Rozelle and wife and
a roomer named Charles
Petrie, also engineers for the same
railroad company. The terrible crime
was committed by Mrs. Rozelle, who
took a glassful of vitriol and threw it
in Petrie's face, who, she claims came
into her room about a quarter to five o'clock
yesterday afternoon and attempted to
outrage her. Petrie, however, and
almost blinded with pain from the dash-
ing acid, managed with the assistance
of some strangers to procure a
hack and was rapidly driven to Dr. H.
S. Orme's office. The doctor not being
in, the unfortunate victim was taken
into the rear room of C. F. Heinemann's
drug store which is directly underneath
the office of Dr. Orme. Here Petrie
was placed in a chair and Dr. W. W.
Ross, who had been summoned, began
applying a lotion, consisting of im-
mense quantities of water, lime oil and
bicarbonate of soda, to arrest the ravages of the acid and
alleviate as much as possible the man's
fearful sufferings.

The wounded man must have suffered
excruciating pain, for he begged some-
one to kill him. His face presented a
disgusting appearance. The lotion,
which was applied freely, was consumed
almost as rapidly as applied by the burn-
ing acid. Occasionally his eyes were
opened and large quantities of the mix-
ture dropped in. This caused the pa-
tient such great pain that he would al-
most go into hysterics and work him-
self into fearful convulsions. So heart-
rending was the scene that a well-known
gentleman present actually fainted.

THE VICTIM'S STATEMENT.
A HERALD reporter who was present
asked Petrie who threw the vitriol, and
amid lamentations he said: "My God!
My God! Wait, wait till I am out of
this pain." Soon he became a little
more self-possessed and made the fol-
lowing statement: "I am an engineer on
the S. P. R. R., and am 28 years of age.
I run engine No. 52 on the freight line
between here and Sumner, and got in
Los Angeles Tuesday night at 12 o'clock.
Yesterday I got up about 4 o'clock, and
while dressing, a woman knocked at
my door and asked me if I was
dressed. I told her I was not, and
she said when I was, for me to come
in her room, which is only about eight
or ten feet from my room. I put on my
slippers, and on entering her room she
said to me, 'You will, will you?' and
threw the vitriol in my face. It began
to burn me terribly, and I ran down
stairs and out in the street, she follow-
ing me with another glassful of some-
thing, as far as the foot of the stairs.
I then came here as soon as I could.
I do not care to give the name of the
woman, as I am afraid of her husband,
who is also an engineer, and lives in the
same house. She says I insulted her, but
I did not."

On being pressed for more information,
Petrie would not talk about the affair;
but when the reporter said that possibly
there was a love affair connected with
the case, Petrie said: "Do you suppose
that every woman around vitriol to men on
the impulse of the moment? I did not insult
her."

Dr. Orme then had the man removed
to the hospital on Fourth and Olive
streets, where his left wrist orders not to
allow anyone to see the patient under
any circumstances.

THE OTHER SIDE.
The reporter then went to Mrs. Rozelle's
residence, the door of which was
opened by the lady's husband, who was
greatly surprised to learn that the HER-
ALD was in possession of the facts and
so soon after the occurrence. Mr.
Rozelle was very pale and nervous, and
made the following statement to the
affair to the reporter and another per-
son present: "My wife is a brunette and
28 years of age. My wife threw the
vitriol in that man's face, for I told her
to do it, and got the vitriol for her.
Petrie has been rooming here about five
months. Last February, while my wife
was sick, and while I was out on the road,
Petrie went into my wife's room and made
improper advances to her. When I came
home she told me of it and I then told her
that I would get some vitriol and the next
time Petrie insulted her to throw it in
his face. I got the vitriol and my wife
had it in the closet ever since. Yester-
day afternoon he again came in my
wife's room, no one being in the house
but her, pushed her on the bed and
attempted to outrage her. She got
away from him, got the vitriol and
threw it in his face, just as I told her
to do. She then ran down stairs and into
the next house, Mrs. Joseph Mullally's,
and told them what she had done. I
don't blame my wife in the least, for
she did just as I told her. I admit I
told her to do it and am to blame for the
affair, but am willing to stand the con-
sequences. This man Petrie is a bad
character. He married a woman out of a
house of ill fame in Sacramento. He
deserted her here and she is now work-
ing in a toy store in Tulsa. Any of the
railroad boys will tell you just what
kind of a man he is if you take the
trouble to go and ask them."

Mrs. Rozelle was in the room while
her husband made the above statement,
but did not enter into the conversation
at all. In fact, her husband did not
want her to say anything, as he was the
responsible party in the affair. Mrs.
Rozelle is a very attractive looking lit-
tle lady. She was rather nervous, but
considering the gravity of the affair, took
it somewhat calmly.

MORE DETAILS.
The reporter then went to the hos-
pital to see Petrie, and try to induce
him to say something more of the af-
fair, but the ladies in charge politely re-
fused to allow the patient to be seen, as
Dr. Orme had given strict orders not to
let any one talk to him. The ladies
were in total ignorance of how Petrie
received his injuries. No amount of
persuasion would induce them to allow
Petrie to be seen, and the reporter left.

Dr. Orme was seen late last evening.
He considered the affair very unfortu-
nate, and hoped it would not be written
up elaborately. He was friendly to
Petrie, and promised the reporter a
statement from his patient in a day or
so. While the doctor considered Petrie's
injuries severe, he did not think he
would lose his eyesight.

Petrie is a nephew of William M.
Petrie, a well-known merchant of Sacra-
mento.

Dr. Orme considers Petrie's injuries
very severe, and Dr. Murphy, the oculist,
will be called in to do what he can to
save the victim's eyesight.
At last accounts no warrant had been
issued for the arrest of Mrs. Rozelle or
her husband.

A SURPRISE PARTY.

How Genial John Lang's Friends
Dropped In.

One of the most beautiful spots on the
Southern Pacific Railroad is Lang's
Station, away up in the mountains, about
sixty-five miles north of Los Angeles.
Here in this romantic spot, backed by
towering mountains, John Lang drove his
homestead and has established a beautiful
abiding place which looks like an oasis
to people coming from either end of the
railroad. The country around boasts of
quite a population of good citizens as
can be found in Los Angeles county.
Mr. Lang has done much for the ad-
vancement of his section and has en-
deavored himself to all the residents.
The following account of a delightful
affair lately inspiring at Lang's will
show the esteem in which he is held.
The HERALD has been in possession of
the account for several days but has
been prevented from publishing it owing
to press of matter.

One of the most magnificent affairs
of the season came off last evening in
honor of the birthday of Mr. Jno. Lang,
proprietor of Sulphur Springs Hotel, at
Lang Station. About one hundred
people were present. It was one of the
most complete surprise parties ever got
up. Mr. Lang not dreaming of it until a
long string of vehicles came in sight and
the music arrived. Los Angeles and
every place west for 100 miles was re-
presented. Mr. Lang said it was the crown-
ing pride of his life, and the immense
crowd were much elated at the success of
their efforts. Mr. and Mrs. Jno. Lang
led the grand march into the spacious
hall and formed at the head for the first
grand waltz. The elegant Sulphur
Spring Band were on hand and in a few
moments the music began, and then oc-
curred another surprise still greater.
When the express train arrived from Los
Angeles Mr. Lang's daughter, former-
ly Miss Agnes Lang and husband,
Mr. Sutton, got off, just married the
same day, accompanied by brothers,
sisters, and a large bridal party. All was
done very quietly for the purpose of making
the surprise as complete as possible. About
this time it looked as though the Sulphur
Spring Hotel would be carried off bodily,
everyone trying to be first to kiss the
bride. Lang Station is fast taking its
place among the prominent places of
interest. It has a great future before it.
People once come here, they try to stay
in some way, for no doubt it is the
most beautiful white sulphur springs.
Among the numerous guests at the party
were the following:

Mrs. Thomas Goss, Mr. Adams, Miss
Addie Sutton, Mr. Oscar Sutton, Mrs.
Agnes Sutton, Mr. Morris Sutton, Miss
Mamie Wilkinson and others from Los
Angeles, Miss Rinaldo Ranch, from
Newhall and oil works—Miss Mary De-
lano, Miss A. Delano, Messrs. Charles,
William, Fred and Thomas Delano and
others to numerous to mention. From
the vicinity of Lang's station—Mr. and
Mrs. Mitchell, Miss Fannie and Minnie
Mitchell, John and Frank Mitchell,
Will Erwin, Mr. and Mrs. Erwin,
Renus Erwin, Miss Brown, Mrs. John
Smith, Miss M. W. Seymour, Mr. and
Mrs. J. B. Smith, Miss Jessie May and
Georgia Smith, T. Smith, Mr. and Mrs.
Taylor and Miss Taylor, Mr. and Mrs.
Furness, Miss Clara Furness, Mr. and
Mrs. Warr, Mr. and Mrs. Weston, Misses
Lizzie, Rebecca, Sally and Katie West-
on, Mr. Crosby, Mrs. F. Walker, Mr. J.
E. Youngblood, Mr. and Mrs. Hicks,
Mr. D. Gonyer, Mr. Thomas Sullivan, Mr.
Tobart, Chirico Rush, Mr. and Mrs.
Clifford, Mr. and Mrs. Roberts, Mr. and
Mrs. Youngling, Mr. and Mrs. Covas,
Mr. and Mrs. Sebelius, of Tulare,
Mr. and Mrs. John Lang, Misses
Mamie and Margaret Lang, Messrs. J.
B. W. S. J. G. Lang, Mr. Carlson,
Lewis Greninger and Mr. and Mrs.
Greninger, Mr. Sweeney, Mr. Morelli,
Mr. Howe and many others.

To Mr. and Mrs. Lang and family all
returned hearty thanks for their kind
reception, treatment and superb supper.
All left well pleased.

MANAGING COMMITTEE.

A WRECKED TRAIN.

A San Pedro Special Runs Into
Three Flat Cars.

Yesterday evening about half-past
seven o'clock a special freight train from
San Pedro ran into three flat cars, which
had been left without lights or attend-
ance on Alameda street, between Third
and Fourth streets. The special train
consisted of thirty freight cars in charge
of Thomas Hearst, conductor, Fred
Spearer and Ed. Bonner, brakemen, and
the engine No. 44, was in charge of Jack
Hutchinson, engineer, and Charles Cul-
lity, fireman. The special left San Pedro
on time, and was a trifle ahead of time
in its arrival in the city. It was going
rather slowly, and when within a short
distance of the flat cars the engineer
thought he saw something dark ahead
on the track, so he put on the brakes.
A moment later the cars loomed up and
he reversed the engine, and he and the
fireman swung themselves off just as
the crash came. For a few moments
the air was filled with fragments of broken
flat cars, and after the dust and smoke had
settled, it was found that the top of one of
the flat cars had landed right on top of the
locomotive. The strangest part of the
affair was that while the smoke stack,
said box, and wheels and bell had been
broken off by the flat car, not a particle
of the machinery had been injured nor
had the glass of the cab been broken or
cracked. The three flat cars were a
total wreck and were in various posi-
tions about the track, and with the ex-
ception of the injury to the engine, the
special train was unhurt. A wrecking
train cleared the track before midnight.
No one was hurt.

KILLED BY THE CARS.

The Horrible Death of John
Beatty.

Yesterday morning about 4 o'clock
some train hands found a young man
lying just off the track of the Southern
Pacific road near the depot. He was
badly injured, but able to talk. He gave
his name as John Beatty and said he
was a brakeman for the California South-
ern road, and had come in during the
night. He was very sleepy and sat
down on a flat car to rest. He re-
membered nothing else until he found
himself on the ground badly hurt.
Policeman Hill was notified of the man's
condition and started to remove him to
the county hospital, but he died just as
the party reached the river, and his
body was brought back to the under-
taking rooms of Orr & Sutcliffe, where
Coroner Meredith will hold an inquest
at 10 o'clock this morning. The de-
ceased had \$22.10 on his person, and in
his trunk at the depot was found \$50 in
gold. His brother, Francis Beatty, lives
in Geneva, New York.

FINANCE AND TRADE.

A Review of the Day's Transac-
tions.

New York, May 11.—An improvement in
values began yesterday afternoon and
made further progress to-day, and under
more extended interest in the market,
the market recorded larger sales than have
been made for over a week past. The
opening was somewhat irregular, but gen-
erally firm, and was followed by a quiet
market, in which there was no decided
movement in prices, although fractional
advances were made throughout the list.
After 12 o'clock, however, the market
displayed much more animation, and
the first place in the dealings. Stronger
tone was developed and by 2 P. M. advan-
ces had been established ranging up to 2 per
cent, the latter in St. Paul and Duluth.
Receivings were large, but the close was
steady to firm at fractional figures from the best
places. Government bonds were dull and
steady.

Financial.
New York, May 11.—Closing quotations
were: U. S. 4 per cent. 100, four per
cent. coupons, 120; 4 1/2 per cent. coupons,
110; Central Pacific, 40; Denver and Rio
Grande, 30; Kansas and Texas, 25;
Michigan Central, 30; Northern Pacific,
25; Oregon Improvement, 40; Oregon Na-
vigation, 25; Oregon Transcontinental, 30;
Pacific Mail, 30; Texas Pacific, 20; Union
Pacific, 60; United States Express, 64;
Wells, Fargo & Co's Express, 25; Western
Union Telegraph, 77; Delaware and Lack-
awanna, 58.

New York, May 11.—Money on call easy,
from 4 to 7 per cent. Prime time de-
posit, 100 days, 6 1/2 per cent. Prime
exchange, 60 days, 6 1/2 per cent. for de-
mand. New York, May 11.—Bar silver, 95 1/2.
SAN FRANCISCO, May 11.—The following
are the closing prices:
Gold & Silver 99.00 Per 100 40
Copper 80.00 Per 100 40
Cholera 6.50 Per 100 7.25
Confidence 8.00 Per 100 8.50
Gold & Silver 4.00 Per 100 4.50
Locomotive .50 Per 100 6.12 1/2
Silver Bars—Per cent discount, 2 1/2 per cent.

THE GRAIN MARKETS.
DOMESTIC.
SAN FRANCISCO, May 11.—Wheat—Dull;
buyer season, \$1.82 1/2; buyer, 87, \$2.04; Au-
gust, \$1.81.
Barley—Very dull; buyer season, \$1.12;
buyer, 87, \$1.27 1/2.
Corn—Quiet; California large yellow, \$1.07 1/2;

PETROLEUM.
New York, May 11.—Petroleum opened
firm at 6 1/2; advanced before noon to 6 3/4;
dropped in the afternoon on heavy selling to
6 1/2, and closed steady at 6 1/2. Sales, 2,340-
60 barrels.

CHICAGO MEAT MARKET.
CHICAGO, May 11.—Pork—Steady, cash,
June, \$24.50 per barrel.

THE OREGON SALE.
The sale at Ontario yesterday was a
grand success, and the managers are
pleased to attribute a portion of the suc-
cess to the extensive advertising done,
and the efforts of the press. The sale
was private, and over \$55,000 worth of
property was sold. The attendance
comprised at least 500 people. In the
first two hours \$35,000 worth of lots
were sold. No one person was allowed
to purchase more than eighteen lots.
The lots were sold at prices ranging
from \$100 to \$250. This is one of
the most successful sales of real estate
that has taken place for a long while,
and the manager, Mr. H. L. Macneil,
can well feel proud and gratified.

COURTHOUSE FINES.
Yesterday the Board of Supervisors
continued the examination of plans for
a new courthouse. As previously an-
nounced, the contest had narrowed
down to three plans. It is rumored
that yesterday one of the plans had
been dropped, and that the remaining
two were neck and neck. At 10 o'clock this
morning the Board will reach a final de-
cision and present a report. The HER-
ALD still clings to the opinion that the
lucky man resides in Los Angeles, and
his friends can prepare for a surprise.

Burbank.

Owing to the large sales and great demand
the price of lots in Burbank will soon be
advanced again, as the buildings, improve-
ments and location justifies double the pre-
sent prices, which are still lower than any
surrounding towns of not half the advan-
tages or importance as a suburban foothill
home to Los Angeles. Its commanding
view, on the through line of railroad, only
fifteen minutes' ride, is second to none in
Lower California.

For Coughs and Throat Disor-
ders use Brown's Bronchial Troches.
"Have never changed my mind respecting
them from the first, except I think yet bet-
ter of that which I began by thinking well
of."—Rev Henry Ward Beecher. Sold only
in boxes. Price 25 cents.

Burbank.
Lots are selling as fast as the contracts
can be made out in the town of Burbank,
owing to its many advantages and improve-
ments. The office of the company is nearly
completed, the fine hotel is well under
way, water is being run distributed over
the entire tract, and the rates of fare by the
Southern Pacific will be reduced to 60 cents
round trip, commencing next week.

Agency is Contested
 By persons who attacked by a mild form of pneumonia, neglected to seek prompt relief. Subsequent torture is prevented by an immediate resort to the Sarsaparilla. Bitter. Slight exposure, an occasional draught, will begot this painful malady, where there is a predisposition to it in the blood. It is not difficult to arrest the trouble at the outset, but well high importance to eradicate it when matured. So evidence in relation to this superb blood purifier is more positive than that which recommends rheumatism. Not only is it remedy, but safe, which the vegetable and mineral poisons, often taken as a substitute of the disease, are not. Besides expelling the rheumatic virus from the system, it overcomes fevers and acute, biliousness, constipation and dyspepsia.

Corn, Coke, Charcoal and Wood.
 Wholesale and retail. Special rates for car-load lots, delivered to all points. Office—Court street, telephone 35. Yard—Corner Alameda and Jackson streets, telephone 315. Sole agent for Wellington Coal.

Value in medicine is no indication of quality. Ayer's Sarsaparilla is concentrated and powerful; requires a smaller dose, and is more effective, dose for dose, than any other sarsaparilla. It is the best of all blood medicines.

A Cough, Cold or Sore Throat
 should not be neglected. Brown's Bronchial Trochies are a simple remedy, and will give immediate relief. Price 25 cts.

Merchants, Read This.
 To those subject to the vexatious of business life, dyspepsia and a feeling of debility, irritability and despondency, we say, take Simmons' Liver Regulator. The Regulator is free from any injurious mineral substance; not disagreeable; can be taken at any time without interfering with business or pleasure. It is gentle, safe, and a good digestor. It is unequalled in the cure of piles, constipation, bad breath, sick headache and bilious complaints.

The enervation and lassitude of spring time are but indications of the sluggish action of the blood, overloaded with carbonaceous accumulations by the use of heating food in winter. This condition may be remedied by the use of Ayer's Sarsaparilla, the best blood purifier known.

Starting but True.

WILLS POINT, Texas, December 1, 1885.
 After suffering for more than three years with disease of the throat and lungs, I got so low last spring I was entirely unable to do anything, and my cough was so bad I scarcely slept any at night. My Druggist, Mr. H. F. Goodnight, sent me a bottle of DE ROSA'S COUGH AND LONG SYRUP. I found relief, and after using six bottles I am now entirely cured. M. WELDEN. Sample bottle 5 cents at C. F. Heinemann's.

FATAL.

Do you know that a pain in the left side of the chest is a sign of heart disease? It is; and that disease may have progressed far towards a fatal termination without exciting the least suspicion. Take DR. FLETCHER'S HEART REMEDY at once.

Shortness of Breath.

Dizziness, faintness, palpitation of the heart, shortness of breath, lassitude, pain in the left shoulder or arm, denote the presence of heart disease, and call for the immediate use of Dr. FLETCHER'S HEART REMEDY.

Dropsy.

Dr. FLETCHER'S HEART REMEDY rapidly removes the effusion in cases of Dropsy, which is due in most cases to some disease of the heart or general circulation.

HAMBURG FIGS.

Probably as much injury comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure for the reason that no one likes to take the medicine that is usually prescribed. Hamburg Figs were prepared to obviate this difficulty, and they will be found effective as well as pleasant to the taste of women and children. 25 cents.

News Notes.

The case of the People vs. Levering has been dismissed.

The Lynch-Vanderer contest will be continued at 10 o'clock this morning.

The Greenhouse & Morans and the Pioneer baseball clubs are at the Pico House.

The case of C. Vedani, charged with murder, will be called at 9 o'clock this morning.

Yesterday Miguel Estrada was sentenced to three years imprisonment for assault to murder.

The case of William Richie, the alleged gold brick swindler has been continued until June 10th.

By reference to another column it will be seen that Kingsley & Barnes have taken a new departure.

Officer Fred Smith captured F. L. Dyer in a Chinatown den, in the act of smoking opium, yesterday.

A false alarm of fire took the engines to the corner of Spring and Fifth streets yesterday evening about 7 o'clock.

The City Council will meet at 7:30 o'clock this evening in special session to provide for the calling of a meeting of property owners on the street paving question.

On Tuesday evening there was given the first ball at the new town of Azusa.

It was given at the recently completed residence of J. H. Stewart and was a pleasant affair.

The fourth trial of Diego Lopez, on a charge of forgery, was concluded yesterday, the jury finding the defendant not guilty. This is one of the side issues of Haley vs. Haley settled.

Mr. and Mrs. George S. Knight filled the Opera House again last night.

The play was *Baron Rudolph*, which was received with as much favor as was *Ober the Garden Wall*, which will be presented again to-night.

A quantity of oil in a can on the railroad track opposite the Oregon Lumber Company's yard caught fire last night and an alarm was turned in, but there had been extinguished before the engines arrived on the scene.

Shortly after 8 o'clock yesterday morning Officer Fowler discovered a man named Antonio Luis roaming about, armed with an iron bar.

Antonio was lodged in the City Prison, and afterward taken to the County Jail. He will be examined to-day.

Prof. A. C. Carpenter, the psychologist and mesmerist, opens a week's engagement at the Grand Opera House next Sunday, May 15th. He comes as standing at the head of his profession and is said to give a highly amusing and instructive entertainment.

The horse of Mr. Howry, of the firm of Peck & Howry, ran off on the main street yesterday, and the buggy to which it was attached was somewhat damaged. The street was crowded with people and vehicles at the time, but fortunately nobody was hurt.

Mike Golden, who expressed his willingness to fight Billy Manning, stated last night that Manning had left town for two months. Golden is now anxious to fight Chambers, who is expected here to-day. Golden evidently wants to fight, and he does not seem to care how big the man is either in size or reputation.

To-morrow evening there will be a literary and musical entertainment at the Woman's Home, the proceeds to be devoted to the fund for purchasing magazines, books, papers, etc., for the inmates of the Home. Misses Broed, Francis, Milmore and Dyer, Mrs. H. E. Small, Prof. Kutner and others will take part.

Ex-Sheriff Gard has received a letter from his son Willie, who is attending Santa Clara College. Willie not only reports satisfactory progress in his studies, but says that a short time ago on the occasion of Father McKenna's birthday, a field day of athletic sports was given. Six prizes were given for running, jumping, leaping, etc., and Willie only carried off five of the six prizes. His father is now wondering how in the world it happened that Willie did not get that sixth prize.

Come one and all, before it is too late. Carriages leave daily. Rosecrans Improvement Co., rooms 8 and 9, Wilson block.

Lovely Lardsburg.

Maps are now ready at the office of John C. Bell, the auctioneer, 17 Temple Block, over the County Bank.

Notice about Burbank.

Forty-three lots advertised as for sale in block 101, town of Burbank, are entirely fictitious, as no such numbered block is located in that townsite. Anyone having lots for sale at \$100 each in Burbank will probably find ready purchasers by applying at the office of the Providence Land and Water Co., opposite Nadeau House.

South in Burbank.

South's subdivision of lot 1, block 101, adjacent to the town of Burbank. Forty-three lots, 10x17 feet, at \$100 each. These lots are of the finest locations in Burbank, and are situated on the main thoroughfare. The books are now open and maps can be had at office. Geo. W. A. Smith, 254 North Main street.

Notice.

There is no block 101 in the town site of Burbank, and if any one has books to open for the sale of lots in that town at \$100 each can probably save themselves that trouble by finding ready purchasers at the office of the Providence Land and Water Co., opposite Nadeau House, Spring street.
